

Jurnal Health Society

Jurnal Health Society is a health research journal published by Lembaga Penelitian dan Pengabdian Masyarakat Sekolah Tinggi Ilmu Kesehatan Sukabumi twice a year, in April and October. This journal specifically publishes articles with a primary focus on the health sector. The scope of topics covered by the Health Society Journal includes Nursing, Midwifery, Pharmacy, Medicine, Public Health, Health Administration, Environmental Health, and Health Law. To ensure the quality and objectivity of its publications, the journal employs a double-blind review system, where the identities of both authors and reviewers are concealed from each other. Consequently, all articles submitted to this journal are expected to adhere to the provided template.
